

NSW Low Income Household Rebate

Application form: On-supply households

This form is to be used by eligible households that are part of on-supplied residential communities, retirement villages or strata schemes.

\$313.50

The NSW Low Income Household Rebate helps eligible NSW households cover the costs of their energy bills.

On-supplied is the term used when a household receives an electricity bill/invoice issued by, or on behalf of, the owner/management of their residential community, retirement village or strata scheme, rather than a bill issued by an electricity retailer of the residents' choice.

If you receive an electricity bill from a retailer, please contact them to apply for your rebate or apply online at: www.service.nsw.gov.au/transaction/apply-low-income-household-rebate-retail-customers.

Only one rebate will be paid per household each financial year, regardless of the number of eligible residents.

You'll receive the rebate from the NSW Department of Planning, Industry and Environment as a lump sum payment of \$313.50 deposited into your bank account.

You can apply online at: www.service.nsw.gov.au/transaction/apply-low-income-household-rebate-supply-customers.
