

Medical Energy Rebate

Application form: On-supply households

This form is to be used by residents of eligible on-supplied residential communities, retirement villages and strata schemes.

\$313.50

The NSW Medical Energy Rebate helps you pay your electricity bills if you or someone living with you has been diagnosed as unable to self-regulate body temperature when exposed to extreme hot or cold environmental temperatures. To be eligible for the rebate, you'll need to have a medical diagnosis that you're unable to self-regulate your body temperature.

On-supplied is the term used when a household receives an electricity bill/invoice issued by, or on behalf of, their residential community, retirement village or strata scheme, rather than a bill issued by an electricity retailer of the households' choice. If you receive an electricity bill from your retailer, please contact them to apply for your rebate.

If eligible, you will receive the rebate from the NSW Department of Planning, Industry and Environment (the Department) as a deposit into your nominated bank account.

You can apply online application at: www.service.nsw.gov.au/transaction/apply-medical-energy-rebate-supply-customers.
